Subject: FW: Site visit (UNCLASSIFIED)

The PRPs are giving a site tour to the USACE project managers on 5/6. Following the tour we set up an Adobe Connect session to discuss the alignment and design options. Goal is to come to an agreement among technical staff so that the PRPs can mobilize to sample along the alignment.

Thanks
Cecilia

Thanks Cecilia, can you have Jaci resend the information to the group - just so we are up to date.

Robyn, Scott, Jason, Sharon: Would you please confirm that the time still works for you and let us know if you will be attending the tour, or just the Adobe Connect videocall?

Thanks - JJB

Cecilia: I have checked with our team, and we can get a solid tour together for tomorrow (the 1st preference). I would suggest the following preliminary agenda:

Tuesday, May 6, 2014

1:00 Meet at Republic Services hauling company office, located at 12976 St. Charles Rock Road, Bridgeton, Missouri

1:00 to 1:30 Site overview and discussion

1:30 to 2:30 Site tour (we will have a 12 passenger van available)

2:30 to 4:30 Discussion of barrier options - utilize adobe connect or webex to allow EPA Region 7 team and others not present for tour to participate

Cecilia: We can set up webex if you or Jeff can instruct us who to send invites to.

Thanks - JJB
